Issue Date May 2024 – Version 1

The information on this website is general information only and does not take into account your objectives, financial situation or needs. You should, before acting on this information, consider the appropriateness of the information having regard to your objectives, financial situation and needs.

Blueberry Australia Pty Ltd (ABN 67 646 513 797) (AFSL 535887) is authorised to give general advice, to deal and make a market in derivatives and foreign exchange contracts. You should read the PDS, Client Agreement, FSG and Target Market Determination and consider your objectives, financial situation and needs before deciding whether to acquire or continue to hold the relevant product. You can obtain a copy of the relevant documents from our website. Trading FX and CFDs on margin involves a high level of risk and may not be suitable for all investors. As margin FX/CFDs are highly leveraged products, your gains and losses are magnified, and you could lose substantially more than your initial deposit. Investing in margin FX/CFDs does not give you any entitlements or rights to the underlying assets (e.g. the right to receive dividend payments).

The information on this website, and the services provided by Blueberry Australia Pty Ltd (trading as Blueberry Markets Group), are not intended for residents outside of Australia

## 1. A guide to our relationship with you

This Financial Services Guide (FSG) is issued to you by Blueberry Australia Pty Ltd (ABN 67 646 513 797) (AFSL 535887) (referred to as Blueberry Markets, we, our, or us). Blueberry Markets is authorised and regulated by the Australian Securities and Investments Commission (ASIC) with licence number 535887.

## 2. About this financial services guide

This Financial Services Guide ('FSG') helps you understand and decide if you wish to use the financial services we are able to offer you.

We (Blueberry Australia Pty Ltd) are the providing entity.

This FSG sets out the services we provide. It tells you:

- who we are and how we can be contacted;
- who the licensee is and how it can be contacted;
- what services and products we are authorised to provide to you;
- how we (and any other relevant parties) are paid; and
- how we deal with complaints.

The Licensee has arrangements in place to maintain professional indemnity insurance. This insurance satisfies the requirements under section 912B of the Act.

Please retain this FSG for your reference and any future dealings with us. We may also add documents at a later date which will also form part of this FSG, and these should be read together with the FSG. These documents will include the word 'FSG' in the heading.

## 3. Other disclosure we may give you

Occasionally we provide general advice. This is where we may express an opinion or recommendation influencing you in making a decision in relation to a financial product, but where we HAVE NOT considered your personal objectives, financial situation or needs. If we provide you with general advice, we will provide you with a warning that the advice may not be appropriate to your needs, financial situation or objectives. Additionally, we will provide you with an applicable Product Disclosure Statement ('PDS') (if one is available) which you should read before making a decision that the product is right for you.

When a financial product is recommended to you, you will be provided with a PDS issued by the product provider. The PDS contains information about the product to assist you in making an informed decision about the financial product. It will outline relevant terms, significant risks and fees and charges associated with the product.

Fees and commissions are subject to negotiation prior to transacting any business. Fees and commissions, once disclosed and agreed, will be charged to your Account at the time any transaction is executed.

Our employees and directors are remunerated by way of salary and other employee benefits. They may also be eligible for a discretionary bonus related to business objectives generated from their clients depending on the level of salary and the aggregate revenue that they earn. Such payments are generally made in the form of monetary benefits and are paid quarterly or annually.
